Telephone	_____
Project	_____
Date	_____

Purpose

To exchange confidential information for quotations, engineering, reverse engineering, CAD, 3D scanning, rapid prototyping, tooling, injection moulding, additive manufacturing and production.

Confidential Information

Includes drawings, CAD, STEP, STL, IGES, Parasolid, scan data, tooling, prototypes, specifications, pricing, commercial information, software and emails.

Obligations

The receiving party will keep information confidential, use it only for the agreed purpose and only disclose it to personnel or subcontractors bound by equivalent confidentiality obligations.

Intellectual Property

All intellectual property remains with the disclosing party. No ownership or licence transfers under this Agreement.

Exclusions

Public information, independently developed information, information already known or legally required disclosures are excluded.

Return or Destruction

Confidential information shall be returned or securely destroyed upon written request, except where retention is legally required.

Term

This Agreement remains effective for five years from the last disclosure.

Governing Law

England and Wales.

Project Scope

- ☐ 3D Scanning
- ☐ Reverse Engineering
- ☐ CAD Design
- ☐ Industrial 3D Printing
- ☐ Rapid Prototyping
- ☐ Injection Moulding
- ☐ Tooling
- ☐ Production
- ☐ Assembly
- ☐ Other _____
